

The Participant Rent may range from 30% - 40% of your monthly income. Your Bridges Program representative will compute your income and Participant Rent Payment (monthly rent payment). The maximum rent you may pay is 40% of your monthly income.

Example

Annual Income	\$5,400.00
Monthly Income	\$ 450.00
30% of Monthly Income	\$ 135.00
40% of Monthly Income – Maximum	\$ 180.00

MAXIMUM ALLOWABLE RENT

In order for a rental unit to qualify for the Bridges Program, the unit's monthly rent **CANNOT** exceed the following amounts:

Size of Unit	Maximum Allowable Rent
0-Bedroom	\$ _____
1-Bedroom	\$ _____
2-Bedroom	\$ _____
3-Bedroom	\$ _____
4-Bedroom	\$ _____

1. If the rent the owner has requested is less than or equal to the Maximum Allowable Rent for your size of unit, the unit then qualifies for the Bridges Program.
2. If the rent the owner has requested is greater than the Maximum Allowable Rent, the unit DOES NOT qualify and you will have to locate a different unit.
3. If the unit has fewer bedrooms than the size for which you are eligible, you must use the Maximum Allowable Rent for the size of the unit you have selected.
