

FUND AVAILABILITY DISCLAIMER ENERGY SAVER REBATE

(For Fix-up Fund loans committed 12/8/09-3/16/10 and 3/30/10-3/31/10)

You are applying to participate in the Energy Saver Rebate Program which will be funded, if at all, with American Recovery and Reinvestment Act funds through the Minnesota Department of Commerce, Office of Energy Security. Upon entering into a contract, Minnesota Housing will administer the Energy Saver Rebate Program. However, the availability of any funds for release under the Energy Saver Rebate Program is contingent upon such funds being under contract with Minnesota Housing and such contract has not been, and may not be, executed in the future.

The undersigned certifies that he/she understand that an application for funds under the Energy Saver Rebate Program is not a guarantee that any funds will be available under such program. In the event that the Minnesota Department of Commerce, Office of Energy Security and Minnesota Housing are unable to enter into a future contract for funds, for any reason whatsoever, no funds will be available under the Energy Saver Rebate Program.
