Subject: DISTRIBUTION OF TAX CREDITS FOR 2009
 Round 1 Closing Date – June 17, 2008

The Minnesota Housing Finance Agency (Minnesota Housing) is pleased to announce that it is accepting applications for reservation and allocation of the Housing Tax Credit Program (HTC).

This statement of amounts of Housing Tax Credits available to the various entities cited below is only an estimate at this time. The estimate reflects amounts of tax credits equal to the final amounts that were available in the 2008 credit program year. These amounts are based upon a Minnesota population figure of 5,197,621 and a per capita credit volume amount of \$2.00 per capita. Final population figures and per capita amounts are not available at this time. Any changes in these factors will cause corresponding reductions or increases to the total credit volume available for distribution to the allocating entities. Please refer to Minnesota Housing’s Internet web site periodically for updates on credit ceilings and availabilities.

Below is a listing of the estimated distribution of tax credits for Minnesota Housing and the cities and counties administering the tax credits in their respective jurisdictions:
