Fix Up Loan Lender Survey

Minnesota Housing values your input and we've based many of our program changes on your comments. You can provide us with feedback about our Fix Up loan program and our changes by completing a short survey by **October 18, 2013**.

Your response may be made individually or on behalf of multiple people in an organization. Your feedback is appreciated!

Loan Officer Field

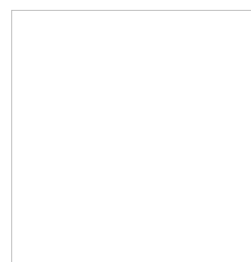

Beginning October 7, 2013, the loan officer field will be mandatory when entering loans into the online system. Loans can be **committed** without completing this field, however the loan officer field will be required when **updating or funding** a loan. Many loan officers already enter this information, but on October 7, it will be mandatory for all loans.

Your Web Administrator must set up each individual loan officer in the Loan Commitment System. [View instructions for Web Administrators to set up loan officers as contacts.](#)

The online system has a default selection of "Not Participating" for the loan officer field. Loan officers who do not wish to enter their information may select the "Not Participating" option, but Minnesota Housing strongly recommends lenders use this field to track loan officer production. Instructions to enter loan officer information while updating or funding a loan can be found [here](#).

Announcing New Home Improvement Program Manager

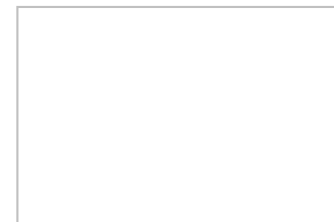

Minnesota Housing is pleased to welcome Krissi Hoffmann as the new Program Manager for the Fix Up loan program.

Krissi previously worked as a Retail/Mortgage Loan Officer at American Bank of St. Paul and as the Assistant Vice President of Lending at Peoples Bank of Wisconsin. While working at American Bank, she gained experience originating Fix Up loans and looks forward to applying that experience to managing the Fix Up loan program.

Feel free to call Krissi with any questions or just to introduce yourself!
