

Minnesota Department of Corrections

Minnesota Department of Corrections Mission Statement (MNDOC):

The mission of the Institution Community Work Crew program is to provide training and educational programming for inmates through the construction of affordable housing.

Minnesota Department of Corrections Income Limits:

Institution Community Work Crew Affordable House Building Program serves households with incomes at or below 80% of greater of state or area median income. In certain areas, households with incomes up to 115% of state median may also be served. Homes must be priced so as not to compete with the private residential construction industry.

Institution Community Work Crew (ICWC) Affordable House Building Program:

The Minnesota Department of Corrections (MNDOC) may provide assistance through the Institution Community Work Crew (ICWC) Affordable House Building Program on a pipeline basis. ICWC Affordable House Building Program can provide interest-free interim construction financing, but only to non-profit entities. Funds may be used for new construction, rehab of existing single family homes and multifamily units. A letter from the MNDOC must be attached to your proposal indicating if an ICWC program is or will be available in the area you have identified. Contact the Program Manager for future availability of funds.
