*Note that standards may not always be applied to the corresponding loan program listed on the document. For example, an EDHC loan may use MTSP income and rent limits when combined with tax credits. Check legal documents carefully to ensure you are using the correct income and rent limits.

Income and rent limits for HUD programs such as section 8 and HOME, MTSP's used for tax exempt bond and Housing Tax Credits, and "Affordable to the Local Workforce" rent limits traditionally associated with EDHC and RRDL, are on separate reports.
