

May 2026 General Management Review Discussion Points:

- **Tenant Hotline**

We are excited to announce the launch of our PBCA Section 8 Tenant Call Hotline at Minnesota Housing. The purpose of this hotline is to take all incoming resident calls and emails in one location. Our main goal for the hotline is to streamline the process and maintain consistency. When residents ask for contact information for Minnesota Housing, please provide them with our hotline phone number and email.

- **Lease Addendums, Attachments, Agreement, Riders, Disclosures, etc.**

Any document that's intended use is to modify or add to the lease must be done in the form of an addendum (per the Handbook) and must be approved by HUD (per the Handbook). Going forward during MORs, documents that are seen to fit into this category shall be a finding with the following corrective action: To continue use, please submit all unapproved addendums/attachments in the tenant file(s) to HUD for approval. If not approved, remove from tenant file(s) and discontinue use. If language is not in conflict with the lease and/or applicable laws, it can be incorporated into house rules. In response, submit steps taken.

- **HOTMA implementation date**

HUD release notice [HSGN-07.pdf](#) on 12/17/2025 announcing that the HOTMA final rule compliance date has been extended to January 1, 2027.

- **HOTMA Partial Implementation**

Effective immediately, owners and agents are required to follow the guidance outlined in the HUD document linked below.

Owners who implement HOTMA prior to the release of TRACS version 203A and the release of updated forms must annotate tenant files with the following information:

1. Which HOTMA provisions were implemented
2. How the family's income, assets, and mandatory deductions were determined under the implemented HOTMA provisions; and
3. If applicable, what the tenant rent would have been under the pre-HOTMA rules, and the HOTMA tenant rent amount that was entered using the "rent override" function.

These requirements will be monitored during the management and occupancy review (MOR) process.

- **2026 COLA**

On October 24, 2025, the Social Security Administration (SSA) announced that a 2.8% cost-of-living adjustment (COLA) will be effective as of January 2026. For guidance on implementing the COLA, please refer to the HUD Handbook 4350.3 C4, Chapter 9, Section 2, Page 9-3.

- **Rent Roll**

Please make sure to include a current rent roll when submitting your MOR documents, 14 business days prior to the MOR, via the secure upload as noted in the Addendum C.

- **Utility allowance data collection:**

Utility data requested from utility companies continues to be a struggle and we are seeing long delays in the processing of funding renewals. While having tenants sign a release form and requesting the data from the utility company is an option, it is not the only option. HUD Notice [15-04hsgn.pdf](#) states that tenants must provide utility data and documentation if requested. We invite owners and management agents to follow the HUD guidance and request the data directly from the tenants to collect the information as quickly as possible. A combination of data from the utility company and data directly from the tenant is acceptable. Please refer to Housing Notice [15-04hsgn.pdf](#) as well as the accompanying Q & A document for more information on how to assist tenants in collecting this data.
